International Journal of Innovation, Management and Technology

CONTENTS

Volume 4, Number 4, August 2013

A Literature Review on Histogram Equalization and Its Variations for Digital Image Enhancement……386
Nicholas Sia Pik Kong, Haidi Ibrahim, and Seng Chun Hoo

The Performance of Data Mining Techniques in Prediction of Yarn Quality……..……...390
Khalid A. A. Abakar and Chongwen Yu

Variations on Impulse Noise Model in Digital Image Processing Field: A Survey on Current Research Inclination……..……..……393
Sin Hoong Teoh and Haidi Ibrahim

Influence of Transaction Trust in B2B e-Marketplaces: An Investigation of Tan and Thoen's Views……...397
Ying-Wei Shih, Sheng-Cheng Lin, and Yu-Lin Ke

Intelligent Magneto-Rheological Fluid Directional Control Valve……..……...406
Maher Yahya Salloom

Slicing 3D CAD Model in STL Format and Laser Path Generation……...…..……..410
Munir Eragubi

Wireless Context-Aware Healthcare System Based on Sensor Web 2.0…….414
I-Ching Hsu

Innovative New Product Development Practice by Using Systematic Innovations……...……419
Song-Kyoo Kim

Management of Technology Transfer from Indian Publicly Funded R&D Institutions to Industry-Modeling of Factors Impacting Successful Technology Transfer…….……...……422
H. Purushotham, V. Sridhar, and Ch. Shyam Sunder

Business Intelligence in the Hospitality Industry……...…….……429
Diane Korte, Thilini Ariyachandra, and Mark Frolick

An Automatic Web Services Composition Model Using Ant Colony System…….……..…….435
Ayman I. Srour, Zulaiha Ali Othman, and Abdul Razak Hamdan

Savings of Electricity Consumption Cost in Commercial Sector of Bangladesh……...439
A. Hasib Chowdhury, Nahid-Al-Masood, Manjurul Alam Fuad, Md. Asad Uz Zaman, and Ridwanur Rahman

Effect of Return and Volatility Calculation on Option Pricing: Using BANKNIFTY……..…..443
Madhu Sudan Kumar, Shom P. Das, and Motahar Reza

A Review on Predicting Outbreak of Tungro Disease in Rice Fields Based on Epidemiological and Biophysical Factors……..……..447
Salwani Mohd Daud, Hossein Jafari Jozani, and Farnaz Arab

Indonesian-to-Javanese Machine Translation…….451
Aji P. Wibawa, Andrew Nafalski, A. Effendi Kadarisman, and Wayan F. Mahmudy
